Received email from insurance company stating that the policy needs to be updated for the new hall until we obtain occupancy.

Deb Pounds states that Zach from Frankenmuth Insurance said that either Corey Haubenstricker (IRD) will decide that he wants the money for the additional insurance, or it will wait until the completion of the building at which point we will pay it, but Zach will go ahead and put the additional insurance on Corey's policy, but it still needs to be approved by board to pay it.

**Motion** by Ben Partridge to approve additional insurance for new hall, seconded by Tom Borcharding
