Parks and Rec Requests and Liaison Report:

Discussion on Draft Zoning Ordinances:

Page 2: Section 1.08: Date of adoption needs to be fixed

Page 3: "A" needs to have some mention of local law enforcement; verify that power was given back to PC for preparation of Township Masterplan for recommendations to Township Board

Page 4: Item 9: policing ordinance and assess how this power impacts item 9; wants to add "see section 7.04"

Page 5: Responsibilities of the Clerk (1, 2 and 4) – these are all things that the ZA and MC does, not clerk. Is there a legal reason as to why it says the clerk should be doing this?; public hearing and notices should be posted on township website – can this include Facebook/social media?; do we need to notify non-township residents within 300 feet for public hearings?

Page 6: item 3: (a-e), need to verify that we do this today – need to add where applications can be reviewed within public hearing letters – number 4: needs clarification

Page 8: certificate of zoning compliance (item 12) – certificate of occupancy: need to determine if these needs codes/fire marshal approval – is it based on use or structure?

Page 9: Section 2.12(2) – changes from clerk to treasurer in regards to deposits

Page 10: reporting violations 2.13(a1): planning department? Should this be ZA/MC or local LE?

Page 11: line D: missing the word "permit" after zoning on the last sentence – municipal civil infractions? Still the way we are currently doing it?
